Subject: Field Organization Review Project - Briefing note and Specification

Good afternoon gentlemen,

I have enclosed two items for review and consideration in preparation for a "Review Project" teleconference on Thursday December 9, 2010 at 7:30 pm Eastern. The number to call is 1-218-936-7988 password 4436129.

The purpose of the attached briefing note is to provide guidance to you, our Section Managers on your role within the review process. The Specification attached is nothing more than a discussion paper based around an ISO Quality Management System.

Also participating in the call will be our Field Organization National Executive, and Field Organization Special Adviser, Ian Snow VA3QT.

I look forward to speaking with you next Thursday and thank you for all you do for the Radio Amateurs of Canada. It's appreciated!
